

HOMMES & PROCESS

People, Processes, and Technology for collaboration anytime, anywhere, anyhow

GUIDING COMPANIES TO ACHIEVE EFFICIENT AND SECURED COLLABORATIVE WORK PROCESSES

Since its establishment, the company's predominant principle has been to focus on the genuine operational needs of businesses and institutions. Besides implementing innovative tools and solutions, HOMMES & PROCESS comprehends the specifics of Groove technologies and the multiple facets of collaborative work: organizational, human and technical aspects

COMPREHENSIVE SOLUTIONS BASED ON GROOVE & SHAREPOINT

The HOMMES & PROCESS brand and concept were established in 2001. Groove® technologies are at the heart of this French company's solutions.

HOMMES & PROCESS provides global solutions and services based on Groove technologies, with a product family that it is constantly updating and adapting.

A key player in the Groove environment, HOMMES & PROCESS provides a comprehensive solution based on Groove and its latest version, Office Groove® 2007:

- Groove advanced technologies for expanding collaborative work processes;
- An array of additional innovative tools that integrate into Groove Virtual Office®; Tools developed by HOMMES & PROCESS or one of its partners.

In 2007, HOMMES & PROCESS expanded its expertise by pairing Groove® and SharePoint® in order to combine Groove's advantages, i.e., highly interactive teamwork for small teams (up to 30 users), with SharePoint's solutions for publishing Web content (intranets/extranets).

VERSATILE AND ESTABLISHED SOLUTIONS

« **Microsoft Gold Certified Partner** », HOMMES & PROCESS has been the first « Value Added Reseller » and the first reseller and skill center for Groove Networks Inc. (a subsidiary of Microsoft Corporation since 2005) in France. The comprehensive solutions from HOMMES & PROCESS have already won over numerous customers in France and abroad. Their target market includes all sizes of businesses: from small and medium companies to very large industries, as well as public organizations. Built around an enthusiastic team with complementary and solid expertise, HOMMES & PROCESS provides the practical solutions you seek.
